AS SEEN ON TV

IN THIS ISSUE:
AS SEEN ON TV

Back in the '50s and '60s, comic books based on popular TV shows were all the rage. Covering every genre, TV Comics were everywhere. Today, we're smack-dab in the midst of a TV neo-Golden Age, with programs eating up people's time and DVR memories with their engrossing storylines and gripping characters. Today, many of the top TV shows — and even some popular shows of yesteryear — can be found — *in print!* — at your local comics shop, and our *AS SEEN ON TV* month hopes to bring them to your attention! NO DVR required! Turn to page 252 for a selection of TV comics and graphic novels!

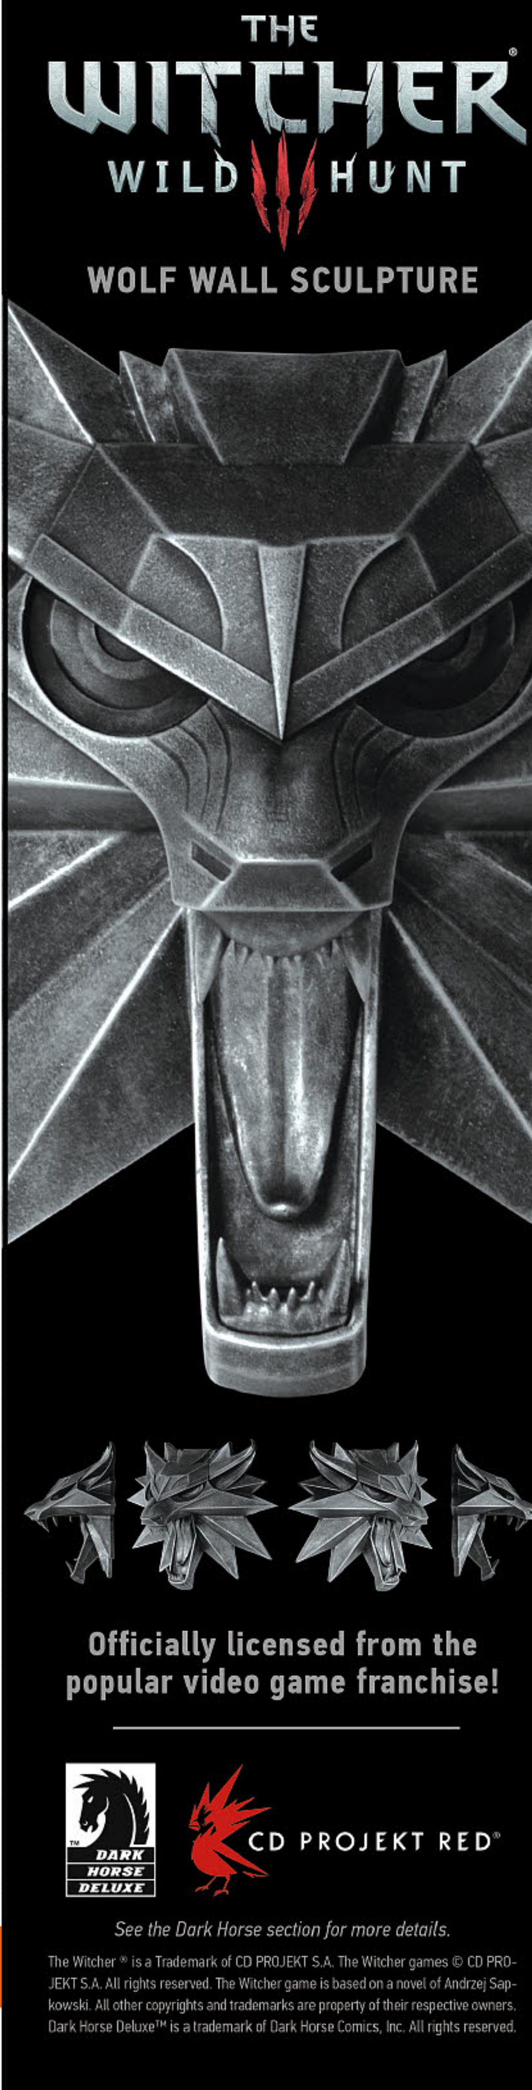
FLIPSIDE: STARGATE ATLANTIS INTERVIEW— MARK L. HAYNES & J.C. VAUGHN

This month, in honor of our *As Seen on TV* theme, we present our exclusive interview with Mark L. Haynes and J.C. Vaughn, the team behind the *24* comics series, and currently the writers of Amercian Mythology's *Stargate Atlantis: Return to Atlantis* and *Stargate Atlantis: Gateways*! No strangers to SF, Mark and Jeff talk about the current series, and where the Gate will be taking fans of the classic SF television series!

FS-5 | BESTSELLERS: JULY'S TOP 100 COMICS & TOP 10 PRODUCTS



OPINIONS: EVERYBODY HAS THEM (AND OTHER ASSORTED BODY PARTS)

"We don't make movies for critics. I've done four movies; there's millions upon millions upon millions of people who've paid to see them. Somebody likes them. My greatest joy is to sit anonymously in a dark theater and watch it with an audience, a paying audience."—Michael Bay (Writer, Producer, Director; 1965-Present)

"We are not trying to entertain the critics. I'll take my chances with the public."
—Walt Disney (Animator, Dreamer; 1901-1966)

"All critics should be assassinated."—Man Ray (Photographer; 1890-1976)

This past month, something incredible happened… A bunch of people online, and in various print sources, did their ample best to make you *NOT* want to go see Warner Bros.' *Suicide Squad*. And you probably already know what happened: Nobody listened to the critics (the guys who called the film a "disaster", a "flop", and "unwatchable") and *Suicide Squad* went on to make over $135 million dollars in its opening weekend, shattering the previous record set by Marvel's *Guardians of the Galaxy*… another movie about a bunch of mismatched ne'r-do-wells and psychos tasked with an impossible mission.

I saw the movie on the Thursday night of its opening weekend in a small theater filled with like-minded people, and we had a blast! Margot Robbie stole the show as Harley Quinn, and Will Smith as Deadshot killed it! I have to say it: Will Smith is Back! I don't know where he went after the failure of *Wild Wild West*, but it was like it was July again, and Will Smith had a big movie out. Remember when he used to do that?! Well, I guess the month is August now… which is no big deal. I'm just glad to have Big Willie back in style.

Did the movie have problems? Sure, but it was nowhere near as bad as the whiny film school dropouts would have you believe. In the end, *Suicide Squad's* record breaking opening weekend (and hopefully, continued success) lies in the simple fact that the people decided NOT to listen to the critics, and decided instead to trust their own instincts and check the movie out because it looked like something THEY would like to see.

No matter how intelligent or well-thought a review may be, it will always be SOMEONE ELSE'S OPINION. And as we all know, those tend to vary from person to person. I mean, the critics absolutely hated *Hudson Hawk* (the crime caper comedy starring Bruce Willis), yet I know plenty of people who quote the hell out of it and watch it whenever it's on. Me? Guilty as charged.

So, do like I do and ignore the critics, and trust your own feelings. If something looks good to you, be it a movie, comic, novel, newfangled food, or whatever… trust your gut, your intuition, or your inner fanboy (or girl). They're usually right before you even know it.

We've got a catalog filled with goodies galore this month, and I'm not going to try and tell you what's better or worse… you'll just have to check it out for yourself and let YOU decide for YOU.

Until next month, when we say goodbye to summer and welcome the fall… stay cool!

Your Pal @ ***PREVIEWS***,

"I saw the movie on the Thursday night of its opening weekend in a small theater filled with like-minded people, and we had a blast!"

KINGDOM HEARTS III

PLAY ARTS 改 KAI
ACTION FIGURE

SORA

Release: DEC 2016
SRP $149.99

From the latest chapter in the globally beloved KINGDOM HEARTS series by Disney and Square Enix, KINGDOM HEARTS III, the protagonist Sora now makes an appearance to the Play Arts Kai action figure line!

Accompanying the improvements in the graphic technology of the game, our designers have paid close attention to expressing the minute details in the sculptwork of Sora in his slightly more mature and grown-up figure.

The costume design is based on the look of Sora's KINGDOM HEARTS II outfit, with the predominantly red and black color scheme of KINGDOM HEARTS 3D: DREAM DROP DISTANCE.

He is highly poseable due to the utilization of flexible materials. The Keyblade that can change form into a double crossbow – which could be called the trademark of this title — is also included as an accessory part. With all these features and more, this figure is certainly an eagerly awaited collector's item for fans.

Figure includes display stand and interchangeable hand parts.

Please tell us a bit about yourself!

I'm a professional writer based in Los Angeles, but I was born and raised in Baltimore, Maryland. I was a U.S. History and Economics teacher in NYC for 6 years before moving to the west coast in 2008. I broke into the Hollywood writing scene with the 2011 *Thundercats* reboot from WB Animation and *Transformers: Rescue Bots* from Hasbro. I won the 2012 Glyph Award for my *Shadowlaw* series and multiple 2014 Glyph Awards for the *Watson and Holmes* comic series, and a 2014 Eisner Award nomination. In 2015, I was selected as one of the eight winners of the 2015 Disney/ABC Writing Program which led to my position as a Staff Writer for season two of *Marvel's Agent Carter*. In 2016, I was nominated for the 2nd annual Dwayne McDuffie Award for Diversity in Comics, for the graphic novel *Andre the Giant: Closer to Heaven* (SEP150492)

What are your favorite projects you've contributed to over the past decade?

It would have to be the *Transformers: Deviation* one-shot from IDW — it postulated a "What If?" scenario where Optimus Prime survived the events of 1986's *Transformers: The Movie*. That was a dream come true, being a lifelong *Transformers* fan! I also did a great Night Thrasher story in *Civil War II: Choosing Sides* #1, and one of the best experiences I've had as a writer was writing the graphic novel biography about *Andre the Giant*. It's not often a writer gets to work on projects based on material that has directly influenced them, and as a *Transformers* geek and a fan of pro-wrestling, it was as if the stars aligned for me!

What are you currently working on?

Other than being the first writer in the Western World to tackle *Vampire Hunter D* in comic book form, I'm having a blast writing the new *M.A.S.K.* comic book series for IDW (see page 159)! There are a couple of cool things I'm working on that I cannot discuss, but these are the main two books I'm currently working on, and I'm deeply honored to be trusted with these amazing properties!

What fun titles are you reading?

All of the current *Transformers* titles from IDW. These books are absolutely amazing because of the tight continuity and the intense character development of the massive cast of characters. What could have been a simplistic robot story has morphed into a galaxy-spanning sci-fi space epic that deserves to be read from the beginning.

I'm also loving *Faith* from Valiant because it's rare to see a body-positive woman superhero — actually, it's rare to see a body-positive character in comics at all, and I do believe the final frontier of social bias is body shaming. Human beings come in different shapes and sizes and this bizarre, unhealthy and obsessive desire to see impossibly thin and plastic physiques in pop culture has to come to an end. Books like Faith can help lead men and women to a more reasonable expectation about what's considered "hot" in our society.

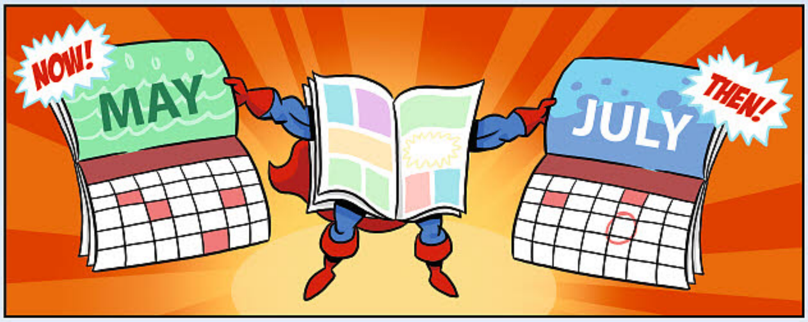
USER'S GUIDE

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

Learn How to Use ***PREVIEWS*** to Order From Your Comic Shop!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

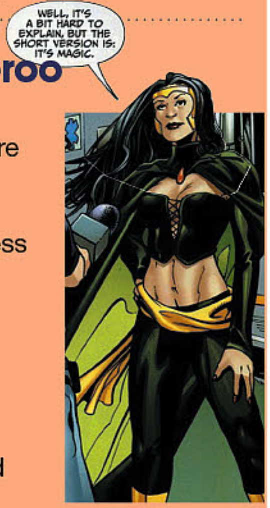
Where The Magic Of Collectibles Comes Alive!

Action Comics #1 CGC 5.5 Nets $956K at Heritage

On Thursday, August 4, 2016, a CGC-certified 5.5 copy of *Action Comics* #1, which of course features the first appearance of Superman, sold for $956,000 in Heritage's Comic & Comic Art Signature Auction. It set a new record for sale of *Action Comics* #1 at Heritage.

Action Comics #1 was originally sold for just 10¢ in June 1938. This copy was part of a collection that was purchased from a dealer in the 1990s for $26,000. Lon Allen, Heritage Managing Director of Comics & Comic Art, said that this copy likely drew intense bidding because it is very attractive for the grade.

Enchantress, The Switcheroo – Witcheroo



The DC universe is filled with kick butt superheroines and villainesses. Which is why it's no surprise some of the more notorious ones joined the Suicide Squad.

Created by Bob Haney and Howard Purcell, the Enchantress first appeared in *Strange Adventures* #187 in 1966. Before she became the Enchantress, June Moone was a freelance artist attending a fancy party with her boyfriend. After stumbling upon a secret chamber, holding a magical being (later revealed to be Dzamor), Moone released an immense power. By saying the words "The Enchantress," Moone changes from her blonde self, into the black-haired costumed Enchantress.

Donkey Kong at 35

Donkey Kong rolled into arcades on July 9, 1981 after previous failed attempts by Nintendo to break into the North American market. Game designer Shigeru Miyamoto took inspiration from the Popeye comics in creating the characters. Donkey Kong, Jumpman (later Mario) and Pauline were roughly based on Bluto, Popeye, and Olive Oyl.

Donkey Kong was an immediate arcade hit, moving nearly 4,000 units a month by mid-1982 in the North American market and earned several hundred million dollars for Nintendo. The game experienced a number of home ports on consoles such as the ColecoVision, Atari 2600, and Intellivision.

WHAT'S COOL IN THIS MONTH'S CATALOG!

September 2016 | Edited By: **Allyn Gibson** | editor@*PREVIEWS*world.com

IN THE WAKE OF THE CIVIL WAR, A NEW AVENGERS TEAM MUST STAND

Friendships strained, trust shattered, allegiances shaken, loyalties broken – in the wake of the second Civil War the heroes of the Marvel Universe have to come to grips with themselves and their fellow heroes, because whatever differences they had – personal, professional, ideological – they still have one common purpose: to defeat the myriad evils that threaten the world, that would enslave it, that would destroy it. When Earth faces destruction, its champions must arise to the challenge and overcome their differences and become Earth's mightiest heroes once more in Mark Waid and Mike Del Mundo's *Avengers* #1!

Kang the Conqueror has been one of the most challenging foes Earth's heroes have ever faced, and when he launches a new scheme to conquer time only Earth's heroes can stand in his way. But still reeling from the events of *Civil War II*, their spirits broken, the Avengers must deal with both their distrust of their teammates and the challenge posed by Kang. Nonetheless, the Avengers have a job to do, a job they will lay down their lives for if it will save the Earth from Kang!

The post-*Civil War II*-era begins for Earth's Mightiest Heroes this November thanks to writer Mark Waid and artist Mike del Mundo. Waid, coming off of *All-New All-Different Avengers* and the launch of *Champions*, explores the aftermath of *Civil War II* and its effects on Earth's heroes. Joined by *Totally Awesome Hulk* artist del Mundo, *Avengers* promises readers action-packed adventures on the biggest stage starring Marvel Comics top characters including Captain America, Thor, Spider-Man, and The Vision.

When Kang unleashes his latest plot to dominate time and space, will Earth's heroes stand in his way or will they fall prey to their own internal dissention? Find out in Mark Waid and Mike del Mundo's *Avengers* #1 from Marvel Comics, coming your way this November!

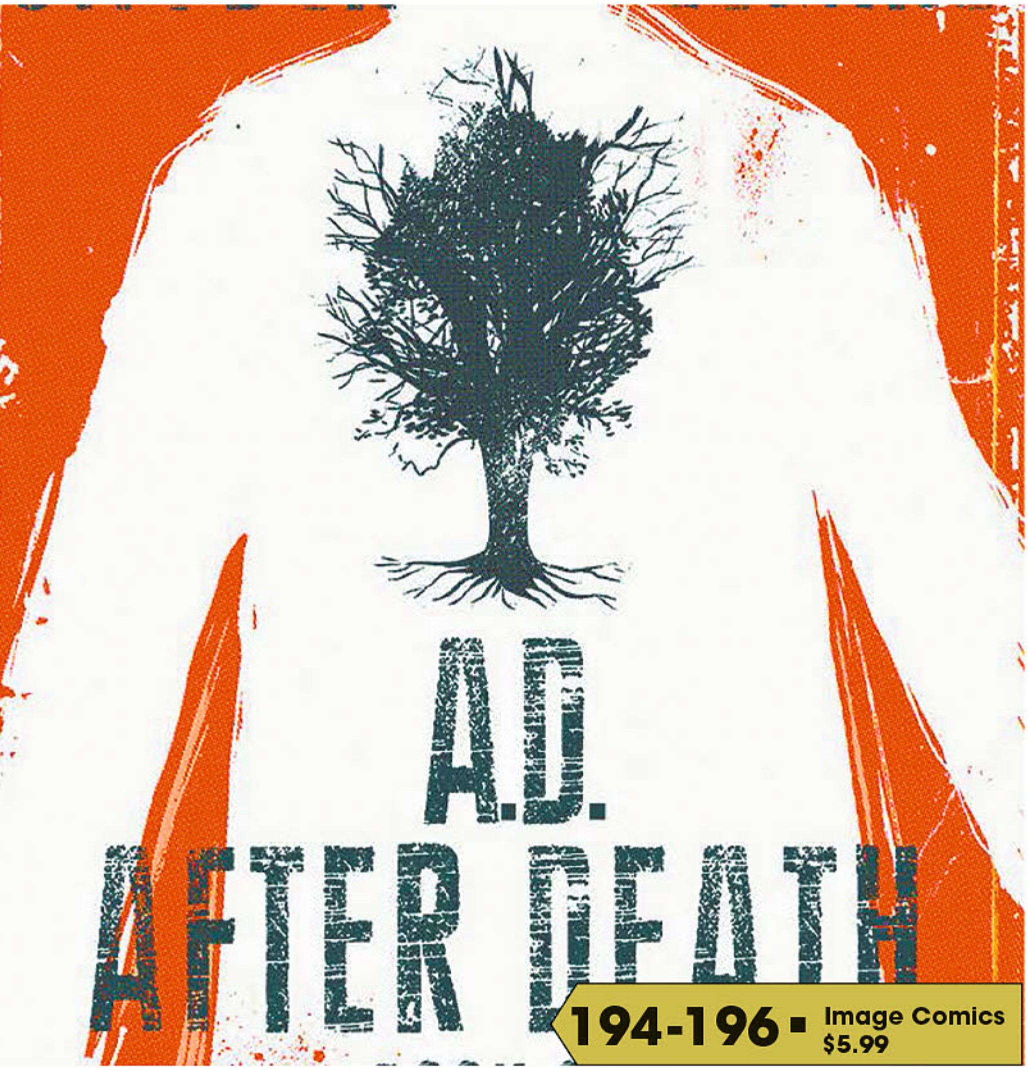

IMAGE COMICS IMAGINES THE FUTURE IN TWO NEW SCI-FI SERIES

What will the future be like? this question has preoccupied writers and philosophers for centuries, and in November it's a question that some of comics' top creators tackle in their own style in two new Image Comics series!

Scott Snyder (*Batman*) and Jeff Lemire (*Descender*) imagine a world after death itself has been conquered thanks to genetic manipulation. Humanity is now functionally immortal. How does this change society? How does it change the individual to know that there will always be a tomorrow? A unique illustrated prose project, *A.D.: After Death* looks at how the elimination of the final chapter of human existence changes humanity itself.

Jonathan Hickman (*Avengers, Fantastic Four*) imagines a future where humanity is exploring the cosmos, and it's not half as exciting as television shows like *Star Trek* promised. We were promised utopia. Much as Joss Whedon called *Firefly* the "anti-*Star Trek*," *Frontier* imagines a future that's not as shiny, not as mind-blowing. One that, in a word, is dull. Hickman writes and draws *Frontier*, a tale of the future gone bad.

Like the best science-fiction stories, *A.D.: After Death* and *Frontier* will make readers consider their own lives and their own dreams, They will challenge what readers think about themselves and the universe. Both titles launch this November.

• IMAGE COMICS, PAGES 194 & 196

A celebrated send-up of gothic literature, beautifully adapted into a dark, brooding, and oddly comical graphic novel. But he keeps getting interrupted by the everyday annoyances of talking ravens, duels to the death, and his sinister butler.

cover **Carlos Piño, Vicente Alcázar**

This second volume fills in another major gap in *Star Trek* lore, courtesy of these never-before reprinted comics that originally appeared in weekly British magazines in the early 1970s. There's much to love about these wonky, way-out writings and their atypical artwork. These oft-forgotten *Star Trek* tales represent a different era. They're lost gems with many facets and a unique perspective, an eccentric corner of *Star Trek* history unlike any other. These are the U.K. voyages of the starship *Enterprise*—and, now, at last, fans everywhere can experience them.

In this riveting, phantasmagorical "what-if" tale, we follow the Mouse from his humble origins—as Oswald Rabbit's screenwriter!—through a tangled web of trains, rocket ships, and stolen Shakespeare scripts! Will a haunting tune bring Mickey and Minnie together for the first time? Will Goofy find success as a... ferryboat driver? Or will big boss Mr. Casey and relentless Pegleg Pete strike again? Award-winning Swiss cartoonist **Bernard Cosey** (*Lost in the Alps*) brings us an amazing Mouse adventure with a thoughtful, emotive twist.

WALT DISNEY'S DONALD DUCK: THE SUNDAY NEWSPAPER COMICS, VOL. 2

writer **Bob Karp**

artist/cover **Al Taliaferro**

From deeper in the Disney Vaults, our second volume collects three more complete years of Sunday fun—every color page from January 1943 through December 1945. By the end of the book, WWII is (literally) history and Donald, Daisy, and those incorrigible nephews find more than their share of joy—and mayhem—in Duckburg. Disney scholar Alberto Becattini provides an introduction that puts the strips in historical perspective, and tells us about George Waiss, who joined the creative team in 1943, taking on the inking chores over Al Taliaferro's pencils.

Welcome to the Library. It's here that every story ever written is catalogued and monitored by a single man, who's begun to notice something strange: the books are rebelling.

Image Comics proudly presents this experimental graphic novella from writer **W. MAXWELL PRINCE** and artist **JOHN AMOR**, which recounts a troublesome week in the Library via seven short stories—one for each day—that use comics, infographics, prose, and poetry to play with the graphic medium and explore the multivalent world of living narrative.

TITAN & HAMMER FILMS COLLABORATE ON NEW ICONIC HORROR COMICS LINE!

FEATURED ITEM

HAMMER Films is the legendary British studio which defined the Gothic style of Horror in cinema, producing classic after classic including *Dracula, The Curse Of Frankenstein, The Quatermass Xperiment*, and *The Mummy*, as well as influencing a generation of filmmakers including **John Carpenter, Tim Burton** and **Guillermo Del Toro**!

HAMMER™ COMICS

This November, **Titan Comics** is proud to present the publication of a petrifying all-new Hammer comics line! The first to rise from the Titan crypt is a radical, modern re-invention of the iconic *The Mummy* from celebrated comic writer **Peter Milligan**, with art by **Ronilson Freire**!

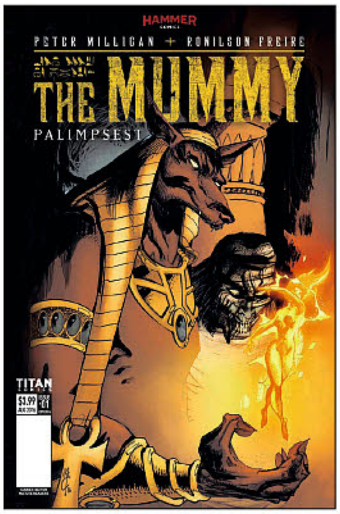
To uncover the dark secrets of the new imprint, we join Group Editor **David Leach** for a glass of red and a chin-wag around the Ouija board!

DAVID LEACH
EDITOR, HAMMER COMICS

For those who aren't familiar with HAMMER films, can you give us a brief history?

HAMMER films are best known for their series of glorious, Technicolor, gothic horror films made between 1958 and 1974. Those films took classic old characters like Dracula, Frankenstein, The Mummy, The Werewolf, and the Phantom of the Opera and made them scary again. The impact they had on cinema audiences back then was extraordinary!
Hammer's style of over saturated, garish colors, powerful orchestral soundtracks and a healthy dose of sex and violence went on to scare and influence a generation. The great new wave of HAMMER films include *The Woman in Black*, *Let Me In*, and *The Quiet Ones.*

What makes HAMMER storytelling unique?



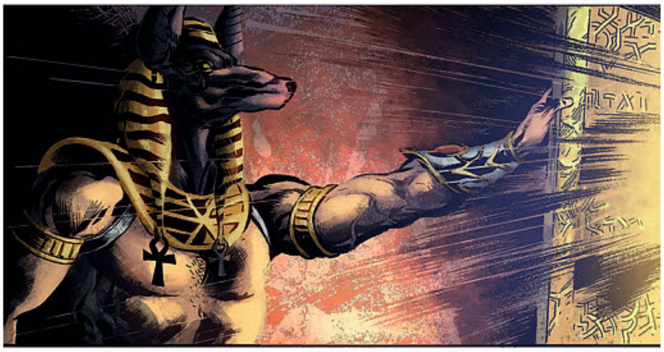
What made the classic HAMMER horror films so unique was the fact they took old staples of the horror genre and just turned them on their heads, in the process making what had become tired and jaded horror tropes into something genuinely scary again. They found a way to modernize those monsters and make them relevant again, and they weren't afraid to let the blood and horror flow. This new Mummy comic follows in that tradition of turning classic genre staples on their head to rediscover the horror.

How did the collaboration between HAMMER films and Titan come about?

HAMMER Films had already begun discussing how to make its iconic horror characters relevant again for the 21st Century and after the incredible success of Titan Comics *Doctor Who* series, they approached Titan with a view to creating a series of new comic books based on several of its most famous monsters for a whole new audience.

The Mummy is the first series in this brand-new line. What can we expect?

A unique new spin on the old Mummy mythology! Peter Milligan has crafted something really special – a story that involves ancient cults, demonic hell-hounds, crime gangs, a High Priestess, secret societies and a very, very angry Mummy. You can expect violence, horror, gore and Mummies as you've never seen them before!



Peter Milligan is joined by Ronilson Freire. Why is this the perfect creative team to dig up The Mummy?

Peter has an incredible track record of writing some extraordinary comics, from *Skin* to *X-Statix* and on superb 50-issue run on *Hellblazer*. He has an unique touch for horror that seems to bore into your psyche, plus he has that ability to make you feel uneasy while you're reading his stuff and that's never more so than with *The Mummy*! He's crafted some seriously interesting characters and his take on the titular character is like nothing you've ever seen before!

Add to that Ronilson Freire's artwork and I think we've got the making of a beautiful partnership! I love Ronilson's drawing style. His pages are tight and packed with menace. I saw a spread he'd done with *Ghost Rider* and another with Pinhead from *Hellraiser* and I just wanted him onboard. I thought he'd be perfect for this and the first issue just looks blinding! He's the perfect choice to bring Peter's dark world to life.

The ugliest side of humanity may be humanity's only hope.

Collecting the first five issues of Brian Azzarello's *(100 Bullets, Dark Knight III)* latest masterpiece, with horrifically, beautiful artwork from Juan Doe *(Fantastic Four, Joker's Asylum)*.

In a small Midwestern town, a large man with a horribly scarred face gets off a bus and takes a room. He spooks the locals—nobody knows him—or do they? It's impossible to say because he seemingly has no face. The man's intentions remain unknown, until he takes on a corrupt sheriff and the rural crew of racist arms dealers. The town's impression of the man changes, and he's seen as a hero...until his real intentions bubble to the surface. The man isn't there to end the gang, but to take it over. And he's just getting started.

Jonathan Shipwright learns about death while traveling the endless road he's trapped on, and that more people know his final secret than he believed. He's going to be hunted for the very thing that trapped him on the road — and on this planet.

"After reading the first several scripts of SHIPWRECK from Warren, I am extremely jealous of anyone who will be opening up this comic for the first time! It's an adventure for the mind!"

STAFF PICK

PATHFINDER: WORLDSCAPE #2

Recommended by Jim Fallone

Pathfinder publisher Erik Mona got my attention when he gathered together the ultimate gaming party teaming Robert E. Howard's Red Sonja; Edgar Rice Burroughs's Tarzan, John Carter, and Tars Tarkas; and Frank Frazetta's Thun'da; throwing them into an epic world-spanning adventure set in the *Pathfinder Universe*. But it wasn't the bonus game stats, the pull-out poster map, the iconic pulp heroes, the potential for Wold-Newton references, or the inclusion of Fletcher Hanks' Fantomah that made me choose this issue as a Staff Pick. It was the inclusion of that one phrase that I am powerless to resist.

You had me at Multi-World Gorilla Super-Army!

Grodd, The New 52 version of Titano, The Ape Gang from *Judge Dredd*, The Nazi Kriegaffe from *Hellboy*, Sam Simeon from *Angel and Ape* — I know and worship them all, and now, thanks to Erik Mona and Jonathan Lau, I can add a new army of intelligent apes to my pantheon. Wait… you don't think they're led by Fantomah?

THE CAN OPENER'S DAUGHTER GN

Recommended by Jim Fallone

Absurdist fiction is hard. To do it well, to have it not only hold meaning but to also hold your attention is harder yet. To pair those words with illustrations that enhance the subversive nature of the story without breaking the veil that separates immersion in the world and the awareness that you are a reader reading that story is near impossible. Yet Rob Davis manages just this in *The Can Opener's Daughter*, his follow up to his Eisner-nominated *The Motherless Oven.* Rich with echoes of Franz Kafka and Haruki Murakami, Rob Davis tells the tale of Vera (whose father is a can opener) as she comes of age and out from under the oppressive shadow of her mother, the omnipotent and megalomaniacal Weather Clock. He creates a world at once surreal yet oddly familiar where the strange and the deadly seem commonplace.

You may recognize Rob's work on *Judge Dredd: Lawman of the Future* and *Doctor Who Magazine* but where he has really found his calling is in the more literary milieu. His Don Quixote adaptation managed to be both epic and intimate at the same time and resulted in a 2014 Eisner nomination.

MOONSHOT: INDIGENOUS COMICS COLLECTION

Recommended by Trevor Richardson

Like jazz and rock & roll, the comic book is an original art form born in America. Comics are a part of our heritage and tied to our expression as a culture. To tell the stories of a heritage that came before the United States, AH Comics has brought together more than a dozen comic industry veterans. From a time when mythology existed solely in the oral tradition, many of the stories in this collection have never been written down, much less represented visually. That combination of how two cultures have told each other stories is what makes this book so special.

Moonshot from AH Comics represents the heritage of First Nations people handed down to a new generation through America's original art form, the comic.

All new stories from the ground-breaking re-imagined series! Baltar believes he was chosen by god— and now moves closer to being one himself when he constructs a living Cylon Centurion! Is it his greatest achievement or biggest mistake? Truly obedient or waiting for the perfect time to strike? Is it the protector of Sharon's unborn baby or its greatest threat? Will the Cylon's bloody history repeat itself?

GODS & MONSTERS: A NEW SERIES BASED IN THE REIMAGINED BATTLESTAR UNIVERSE!

SPOTLIGHT ON INTERVIEW W/ KARL KESEL

KEITH DAVIDSEN: When you think back on the reimagined BATTLESTAR GALACTICA series, was there any special moment of the show that really hooked you and – in particular – influenced your new story?

KARL KESEL: In all honesty, there are so many great moments, and I've watched the series so many times, it's impossible for me to think of the moment that hooked me. I do remember being shocked by the revelation that Boomer — a character I had quickly come to enjoy and care for — was a Cylon, a bad guy! But that's one of the things the show did so well: blur the line between "good" and "bad." I also remember being blown away by the first episode of the first season — when the Cylons attack the fleet every 33 minutes, and no one's getting enough sleep, and they have no idea how the Cylons are doing this or how to stop it. It made the Cylons feel like an alien race that operated on a whole different level from humanity. It emphasized how desperate the fleet's situation was, yet also showed the determination and unbreakable spirit of mankind. I'm not sure those moments influenced my story, but they certainly informed it.

KD: Of all the characters in your story, which one were you most looking forward to writing, and what about that character appeals to you?

KK: Who doesn't love Gaius Baltar? He's a wonderful character — equal parts ego and paranoia. It's said that everyone is the hero in their own inner movie, and no one personifies that better than Baltar. The thing is: he's also his own worst enemy. And I love his relationship with "Head 6", the Cylon only he can see. Is she a subconscious manifestation of his guilt? His genius? Both? Neither? Plus: Gaius can be pretty damn funny. And that's desperately needed in the generally grim world of Galactica.

KD: Why should fans of the television show pick up BSG: GODS & MONSTERS?

KK: I'd like to think if you're a fan of the show, you'll be a fan of the comic. All the characters everyone loves are here — Sharon, Helo, Adama, Tigh, Roslin, D'anna, Apollo, and, of course, Starbuck. And back on Caprica — Anders, Brother Cavil, and the rest of the Resistance fighters. Most importantly: we get to see Baltar go total Mad Scientist and build a Cylon Centurion from battle-damaged parts. It's his Frankenstein moment — and we all know how well that turned out!

Luckily, in his darkest moment, he stumbles across the beloved family he lost as a child — Moominmamma and Moominpappa — and together, the Moomins embark on their first adventure. Moominmamma struggles to balance her husband's desire for danger with her own homebody sensibilities, while Moomin fears his new parents will eventually tire of him. CLUB LIFE IN MOOMINVALLEY GN

(W/A/CA) Tove Jansson
After being told that only "rebel fathers" can be admitted to Moominpappa's new club, the Knights of the Catapult, Moominmamma defiantly decides to join a club of her own. Unfortunately for her, she accidentally joins a club of gangsters who revel in dubious and illegal activities. Comic misunderstandings, tested allegiances, and frivolous scandals make for an exciting adventure with the whole Moominvalley gang in another classic Tove Jansson tale. (STL003768) (C: 0-0-1)

GEORGE SPROTT 1894-1975 HC

Celebrated cartoonist Seth gives us the fictional life of George Sprott. On the surface George seems a charming, foolish, old man, but who is he? And who *was* he? Told as a patchwork tale, we come to know George, piece by piece, in a series of "interviews," flashbacks, and personal reminiscences. *George Sprott* is a story about time, identity, loss, and the persistence of memory. THE GREAT NORTHERN BROTHERHOOD OF CANADIAN CARTOONISTS HC

(W/A/CA) Seth

In Dominion, on Milverton Street there stands a handsome old building, with a pink stone façade and the familiar Canadian cartoon characters over the doorway. It was the Great Northern Brotherhood of Canadian Cartoonists, erected in 1935 and the last standing building of the once prestigious members-only organization. For years, this building, filled with art deco lamps, simple handcrafted wood furniture, and halls and halls of black-and-white portraits of Canada's best cartoonists, was where the professionals of the Great White North's active comics community met, gathered in their dark green blazers to drink cocktails, eat, dance, and discuss all things cartooning. IT'S A GOOD LIFE, IF YOU DON'T WEAKEN TP

(W/A/CA) Seth

While trying to understand his ennui, Seth discovers the life and work of Kalo, a forgotten *New Yorker* cartoonist from the 1940s. But his obsession blinds him to the needs of his lover and the quiet desperation of his family. Wry self-reflection and moody colors characterize this tale about learning lessons from nostalgia. His playful and sophisticated experiment with memoir provoked a furious debate among cartoon historians and archivists about the existence of Kalo, and prompted a *Details* feature about Seth's "hoax." When Misabel the maid arrives, it's immediately clear she needs a little cheering up, and since Mrs. Fillyjonk has mysteriously disappeared, the Moomins set about teaching her how to enjoy life. Life lessons and poignant reminders of the importance of simple pleasures abound in this classic tale from Tove Jansson. (STK690378) (C: 0-1-1)

PALOOKAVILLE VOLUME 21 HC

(W/A/CA) Seth

Seth presents two very different autobiographical pieces, and the continuation of Part Four of the ongoing *Clyde Fans* serial. In the latest dispatch from the beautifully crafted Clyde Fans, Abraham muses further on the ruins of his life. Then, in the first sustained sequence of the two Matchcard brothers, Abraham and Simon finally sit down together and begin to talk. "Nothing Lasts" is the first half of a sketchbook memoir about Seth's childhood and adolescence in small-town Ontario. Finally, the third section of this volume consists of entries from the comic-strip diary Seth has been keeping for almost a decade. This lushly designed collection of stories comprises an anthology of the different types of cartooning work Seth has done over his two-decade-long career. (STK616400)

PALOOKAVILLE VOLUME 22 HC

(W/A/CA) Seth

This installment of Seth's critically acclaimed one-man anthology features an autobiographical comic about Seth's childhood, part four of his long-running *Clyde Fans* serial, a photo essay about a barbershop he designed, and a comic strip about the art of barbering. "Nothing Lasts" revisits Seth's childhood in 1960s Ontario, with a special focus on the salvation that he found in library books and drug-store comics. The *Clyde Fans* chapter included here shows the conclusion of brothers Abe and Simon Matchcard's first lengthy conversation, and Abe's pensive, self-questioning mood as he drives back to Dominion to meet up with his old flame, Alice. Another classic *Moomin* story reworked in full color, with a kid-proof but kid-friendly size, price, and format. Moominmamma wakes up one morning to find a flying saucer has crash-landed in her cabbage patch. There's a strange machine dangling out of it that seems like it could be used to fix their broken radio, but when Moominpappa starts fiddling with it, he turns himself and Moomin invisible! Each knob on the machine causes strange and unlikely events to transpire, until the Martian finally recovers possession of its property. (STK678933) (C: 0-0-1)

Moomin: The Complete Lars Jansson Comic Strip Volume 10 welcomes readers back to the beloved world of Moominvalley, where pancakes and jam are a perfectly acceptable supper and wealthy aunts can be altogether too fierce to handle. The tenth volume of Tove and Lars Jansson's classic comic strip features the macabre and hilarious "Moomin and the Vampire" and "The Underdeveloped Moomins" story. Together, the four stories in this collection display the poignancy, whimsy, and philosophical bent that constitute the Moomins' enduring appeal. (STK678932) (C: 0-0-1)

LOVE IN VAIN: ROBERT JOHNSON 1911-1938 GN

(W) J M Dupont (A/CA) Mezzo

From "Crossroads Blues" to "Sweet Home Chicago," "Hellhound on My Trail" to "Come On In My Kitchen," Robert Johnson wrote some of the most enduring and formative songs of the original blues era, songs that would go on to help shape the birth of rock 'n' roll in the 1960s. Born in the in the South in Mississippi, Johnson made his way to the urban North as a traveling musician, but it was only when he returned to the South that he recorded the twenty-nine songs, in two sessions, which would create his legacy. Exploring the stories and legends that surround his life and death — his childhood, his womanizing, his pact with the devil at the crossroads — Mezzo and DuPont have produced a fittingly creative and beautiful depiction of this most extraordinary life. BOXERS GN

(W/A/CA) Gene Luen Yang

Boxers & Saints is a groundbreaking novel in two volumes, presenting two parallel tales about young people caught up on opposite sides of a violent rift. *Boxers* tells the story of Little Bao, and the companion volume, *Saints*, tells the story of Vibiana, a Chinese girl who converts to Christianity. China, 1898. Bands of foreign missionaries and soldiers roam the countryside, bullying and robbing Chinese peasants. Little Bao has had enough. Harnessing the powers of ancient Chinese gods, he recruits an army of Boxers — commoners trained in kung fu who fight to free China from "foreign devils." But nothing is simple. Little Bao is fighting for the glory of China, but at what cost? So many are dying, including thousands of Chinese citizens who have converted to Christianity. (STK617753) (JUL131151)

CREATED BY GRANT MORRISON WITH ART BY EDISON 'MANU' GEORGE

"In ***Avatarex,*** the epic world of living myth collides with the mundane realities and cultural upheavals of contemporary India. What happens when an all-powerful super-being awakens to fight the Last War of the Age - only to discover he's been sent too EARLY for the End Days and must somehow learn to exist in a world that's too small and too frail to survive his presence? How does humanity react to the challenges of such a paragon in our midst? Will Avatarex raise us to his level - or will we drag him down to ours? Can the embodiment of our highest aspirations exist side-by-side with our all-too human failings or will the gulf between what we wish we could be and what we are destroy us?"

PRETENDING IS LYING GN
(W) Dominique Goblet, Sophie Yanow (A/CA) Dominique Goblet
Pretending Is Lying is a memoir unlike any other. The first book to appear in English by the acclaimed Belgian artist Dominique Goblet, it is at once an intimate account of love and familial dysfunction and an audacious experiment in graphic storytelling. In a series of dazzling fragments Goblet examines the most important relationships in her life: with her partner, Guy-Marc; with her daughter, Nikita; with her alcoholic, well-meaning father; and with her abusive mother. More than a decade in the making, the result is an unnerving comedy of paternal dysfunction, an achingly ambivalent love story and a searing account of childhood trauma. The Smurfs have delighted us all with their silliness, bravery, heroism, and heart for over 50 years, and now we finally have a definitive collection of Peyo's original comics to see where it all began. THE ART OF ATARI HARDCOVER

Recommended by Matthew Demory

Like many people in my generation, the first videogame console that I ever laid my eyes upon was an Atari 2600. Though the company had other game consoles after the 2600, this is usually the system that springs to mind when anyone mentions the name Atari. The graphics, sounds, woodgrain hardware, and even the logo based on Mount Fuji are iconic.

In the 80's the primitive graphics of the day didn't matter. How the game played and how you imagined the game characters looked was king. Imagination was at the very heart of every Atari game. A simple cursor could be a dangerous foe in *Yar's Revenge* while a simple arrow could be a brave star fighter in *Asteroids* surrounded by death at every turn.

Today we are spoiled for information on each new game before it hits the market. We can read online reviews, watch trailers, and in some cases even watch someone play the game on youtube before it is released to the public.

The Art of Atari by Dynamite Entertainment details how artists crafted some of the most creative artwork to grace a game cartridge in the history of the industry. In this title, authors Robert V. Conte and Tim Lapetino provide us with an insider look into their creative processes and influences of some of Atari's most accomplished artists such as Hiro Kimura (*Berzerk*, *Galaxian*, *Mario Bros.*), Cliff Spohn (*Air-Sea Battle*, *Breakout*, *Video Chess*), and others.

With Atari the box art played a key part in a buyer's decision process. Be sure to pick up this piece of video-game history from Dynamite Entertainment this October.

Cover A by Michael Broussard

VAMPIRE HUNTER D comes to the US by way of Mars

VAMPIRE HUNTER D is one of Japan's greatest exports, having started as a series of over 30 novels (and counting) before becoming one of the first crossover anime hits followed by a sequel and a popular manga series. Now, for the first time, D will appear in a western style comic from publisher **Stranger Comics**. Painted by **Michael Broussard** (*The Darkness, Artifacts*) and written by **Brandon Easton** (*Agent Carter, Thundercats*) based on an unpublished story by **VAMPIRE HUNTER D** creator **Hideyuki Kikuchi**, the tale, **Message from Mars**, shows D receiving a centuries old message from a colonist on Mars who could see the future. She has foreseen not only the vampire takeover of the colony but D's eventual arrival to cleanse the planet and save her from her fate. Broussard, who got his start under Mark Silverstri at Top Cow, left the industry for several years to perfect his painting skills while working in video game design. **VAMPIRE HUNTER D**, however, is his favorite property of all time, and the offer to bring it to life was enough to lure him back. With the first issue coming out in November, he took some time away from drawing to talk about it.

Michael, this is your first comic in several years. How does your style differ now from what readers are used to?

Broussard: I really feel like I've grown a lot as an artist and a story teller since leaving the comic book industry. For one thing, I don't use a pencil anymore. In video game design, you paint everything digitally. But it's not just my art style, it's also the way I handle visual narrative. It's more cinematic because I've had to start taking movement into account in my images. So people will see a very different side of my art with a little bit of familiarity.

What does Vampire Hunter D mean to you?

Broussard: Well, it's my favorite property. For me, it embodies all the greatest aspects of not just the vampire horror genre, which I love, but anime film in general, which I love even more!

This has to be pretty exciting then. What was the moment like when you got the call?

Broussard: You have no idea. First of all, it was totally unexpected! Josh Cozine (the editor) called and said, "Would you be interested in drawing Vampire Hunter D?" Before he could finish the sentence I was like, "Do you even have to ask?" We worked together at Top Cow, and he knew how much I loved it, so when he got the gig, I was his first call.

Now for the big question… what's up with Left Hand?

Broussard: Left hand... the comic relief! He has no filter, which helps balance the relationship between the two because D barely speaks. He's the quiet but deadly warrior, while Left Hand is the sidekick who never shuts up. He's always busy trying to talk D into or out of situations, but he's also D's secret weapon, and when things get bad, he's there to bail D out too.

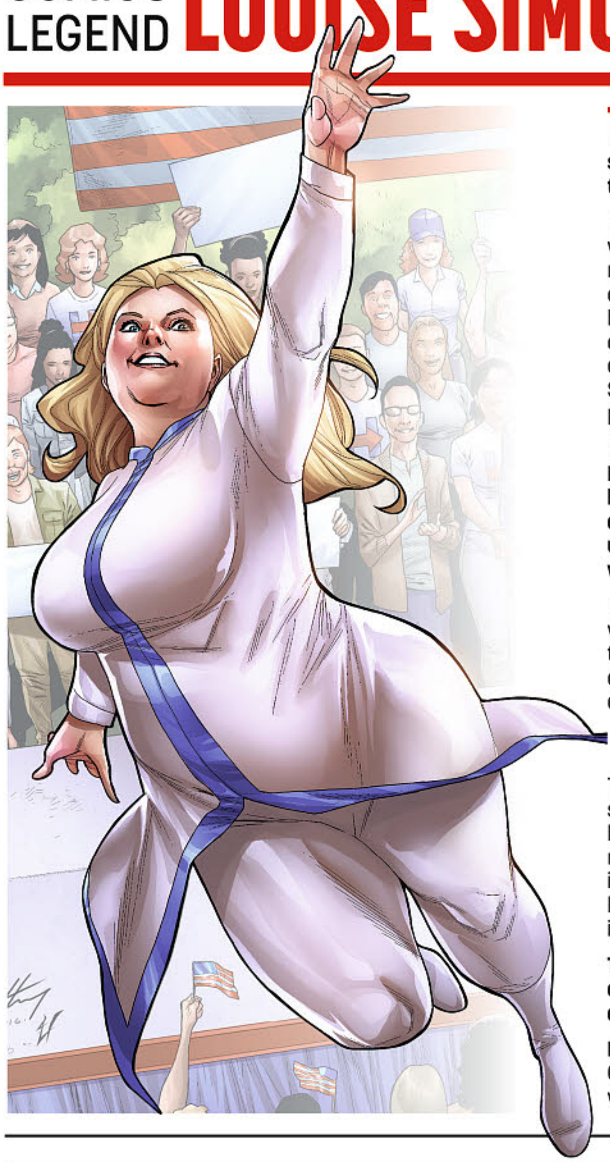
COMICS LEGEND LOUISE SIMONSON FLIES FOR FAITH!



This is your first time writing Faith. What drew you to the character, and what specific attributes are you looking forward to highlighting?

Louise Simonson: Faith is, to my mind, what a hero should be. She's smart, but more importantly, she has a strong moral compass. Even acting on it seems to be against her own self-interest. And, despite her telekinetic power, she's never arrogant. She questions her own actions. She's vulnerable. I just think she's a good person and a great role model.

Your story sees Faith meet Presidential Nominee Hillary Clinton. What is it like having a fictional character interact with a real-world figure? What are some of the unique rewards and challenges that come with that?

LS: It's a big responsibility supplying words and actions for a real person. I try to be as respectful of Hillary Clinton, and as true to her character as I understand it, as I can be. Just like I try to be true to the character of Faith. I hope Hillary is cool with our portrayal of her.

There will be people who will like the story simply because it exists. And there will be others who will hate it for the same reason. I'm hoping most people will think it's fun, and will leave thinking that they, like Faith, can make a positive difference in the world.

Tell us a little bit about the premise of Faith and Hillary's team-up. How will the two meet, and what will inspire them to join forces?

LS: Faith is assigned to cover a Hillary Clinton political rally, for the blog she writes as her psiot alter-ego, Zephyr. She's excited to finally get to write about something that's important. Then, nearby, there's an incident, and Faith has to choose: do what she wants to do or do what's right. Her choice leads to her interaction with Hillary.

The theme of the story is the importance of choices and how voting is our way of helping choose America's direction.

Your story is part of an oversized election special of FAITH. What do you think the Election Special, and this particular team-up, represents for Faith and the Valiant Universe as a whole?

LS: Valiant's universe is very "real world" oriented. What happens in its stories and among its characters often mirrors, in a fantastical way, events taking place in the world around us. While a lot of the Valiant universe looks at the darker side of human interactions, Faith is a book where there's hope. The character is positive and forward looking, a bright counterpoint to the darker undertones of some of Valiant's books.

You're teaming with regular series artist Pere Pérez to tell this story. What are you most excited to see in his finished pages, and why?

LS: I love the art of Pere Pérez. His characters are attractive, but also very real. His story telling is dead on. His action is exciting and clear. He draws emotions really well. You can tell what people are thinking by reading their body language. He's just terrific. So... I can't say I'm more excited to see any one thing over another in his work. I'm just thrilled to have him drawing a story I've written. ■

FAITH VOL. 2: CALIFORNIA SCHEMING TPB

Because you demanded it...The high-flying hero that captured the imagination of the world is back with a colossal new comics milestone!

In a city under siege by robots, aliens, monsters, and even worse... celebrities, there is only one woman the people of Los Angeles can count on: the stratospheric superhero called Faith! Aspiring reporter by day and dedicated crime-fighter by night, Faith has tackled every obstacle in her path with confidence - like those crushing deadlines at work, the long-distance boyfriend half a world away, and the missing back issues that plague her comics collection! But, unbeknownst to her, Faith is about to collide with the one force she never saw coming: an up-and-coming super-villain bent on snuffing her out once and for all! But who is lurking behind the mask of her new foe...and could they just be the one person capable of rendering Faith powerless?

Faith's headline-grabbing adventures continue here as breakout writer Jody Houser (*Orphan Black*) and sensational artists Pere Pérez (ARCHER & ARMSTRONG) and Marguerite Sauvage (*DC Comics Bombshells*) deliver the next high-flying chapter to the all-new ongoing series read 'round the world!

Harbinger Renegades #1

FEATURED ITEM

A NEW ONGOING SERIES!

FROM HARVEY AWARD NOMINEE
RAFER ROBERTS
(A&A: THE ADVENTURES OF ARCHER & ARMSTRONG)

AND SUPERSTAR ARTIST
DARICK ROBERTSON
(*THE BOYS*)

Anyone you know could become a psionically powered "harbinger" with the potential to reshape the course of human history. Your neighbor. Your boss. Your best friend. Your kids.

Six months ago, a secret team of renegade whistleblowers leaked the existence of these extraordinarily dangerous individuals to a stunned world. Today, all across the country, crude, DIY psiot activation attempts have left hundreds brain damaged...or worse. The emergence of a new psiot in a community often leads to riots and mass violence. Gun sales are through the roof.

America is terrified of what could happen next.

With this revolutionary upheaval now in motion, Kris Hathaway, John "Torque" Torkelson, Faith "Zephyr" Herbert, and Peter Stanchek are about to discover their calling. Together, the HARBINGER RENEGADES are moving from town to town, building their ranks, and subverting authority one mind at a time...and setting out to prove once and for all that behind their power, there has always been a purpose.

This November, the most fearless superteam in comics is going underground for AN ALL-NEW ONGOING SERIES from Harvey Award-nominated writer Rafer Roberts (A&A: THE ADVENTURES OF ARCHER & ARMSTRONG) and superstar artist Darick Robertson (*Happy!*, *The Boys*)!

VALIANT'S EXPLOSIVE STANDALONE EVENT RAGES ONWARD!

FROM NEW YORK TIMES BEST-SELLING WRITER

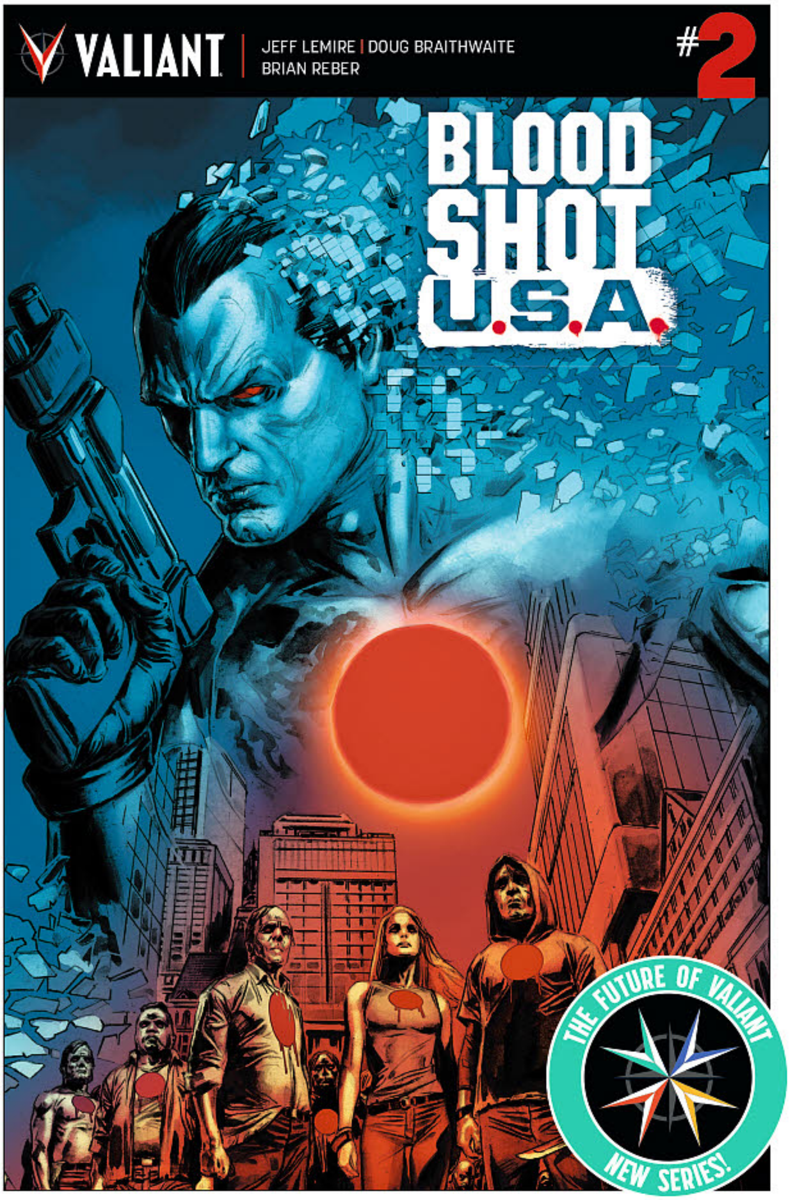
JEFF LEMIRE

(*MOON KNIGHT, OLD MAN LOGAN*)

AND SUPERSTAR ARTIST

DOUG BRAITHWAITE

(ARMOR HUNTERS, *JUSTICE*)



There are more than eight million people in New York City. And every single one of them just became Bloodshot.

With the flip of a switch, Project Rising Spirit has just infected every man, woman, and child in New York City with a designer "nanite virus," instantly transforming them into hard-coded killing machines. Now, block by block, the citizens of America's greatest metropolis are falling prey to their own destructive urges...and Bloodshot is the only soldier tough enough to go head-to-head with the entire Big Apple gone bad! With the humanity of an entire city on the line, Bloodshot is waging a one-man assault on Manhattan to root out the source of this machine-made infection before it hits the heartland... but will bullets and brute force be enough to stop the spread of a pandemic deadlier than anything in human history?

The city that never sleeps is about to get a wake-up call! Lock and load with New York Times best-selling writer Jeff Lemire (*Old Man Logan, Moon Knight*) and blockbuster artist Doug Braithwaite (NINJAK, ARMOR HUNTERS) as the most hostile comics event of the year heads into the heart of the concrete jungle!

JAMIE HEWLETT: INSIDE THE MIND OF JAMIE HEWLETT HC
(W) Julius Wiedemann
(A/CA) Jamie Hewlett
From the legendary *Tank Girl* to live-action animations with art-pop noisemakers Gorillaz, dabblings with Chinese contemporary opera to an exhibition at the Saatchi Gallery, artist Jamie Hewlett is one of the most energetic figures of contemporary pop culture. Hewlett emerged in the mid 1990s as cocreator of the zeitgeist-defining *Tank Girl* comic. With then-roommate, Blur frontman Damon Albarn, he went on to create the unique cartoon band Gorillaz, a virtual pop group of animated characters, which recorded four studio albums and mounted breathtaking live spectacles. This new TASCHEN edition, Hewlett's first major monograph, illustrates this thrilling creative journey with over 400 artworks. Through stories, characters, strips, and sketches, we trace Hewlett's exceptional capacity for invention and celebrate a polymath artist who refuses to rest on his laurels, or to be pigeonholed into a particular practice. MARK RYDEN: PINXIT HC (UPDATED EDITION)

Blending themes of pop culture with techniques reminiscent of the old masters, Mark Ryden has created a singular style that blurs the traditional boundaries between high and low art. Seduced by his infinitely detailed and meticulously glazed surfaces, the viewer is confronted with the juxtaposition of the childhood innocence and the mysterious recesses of the soul. In Ryden's world cherubic girls rub elbows with strange and mysterious figures. Ornately carved frames lend the paintings a baroque exuberance that adds gravity to their enigmatic themes. Complex in its arcane and idiosyncratic subject matter, Ryden's work can leave no viewer unmoved. (STL022420) (C: 0-1-0)

CAPTAIN MARVEL AND THE ART OF NOSTALGIA HC

(W) Brian Cremins
In a forgotten subway tunnel, Billy Batson meets a wizard who offers a precious gift: a magic word that will transform the newsboy into a hero. When Billy says, "Shazam!," he becomes Captain Marvel, the World's Mightiest Mortal, one of the most popular comic book characters of the 1940s. The saga of Captain Marvel is also that of artist C. C. Beck and writer Otto Binder, one of the most innovative and prolific creative teams working during the Golden Age of comics in the United States. Billy Batson's America, with its cartoon villains and talking tigers, remains a living archive of childhood memories. Taking cues from Beck's theories of art and from the growing field of memory studies, *Captain Marvel and the Art of Nostalgia* explains why we read comics and, more significantly, how we remember them and the America that deamed them up in the first place. WARREN ELLIS: NORMAL SC

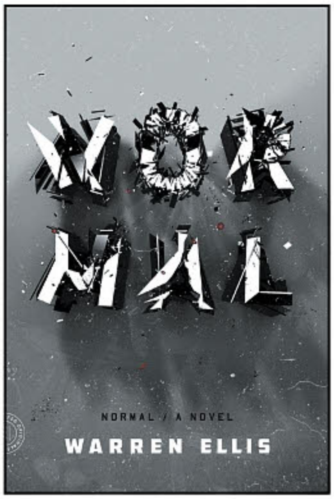
(W) Warren Ellis



Some people call it "abyss gaze." Gaze into the abyss all day and the abyss will gaze into you. There are two types of people who think professionally about the future: Foresight strategists are civil futurists who think about geoengineering and smart cities and ways to evade Our Coming Doom; strategic forecasters are spook futurists, who think about geopolitical upheaval and drone warfare and ways to prepare clients for Our Coming Doom. For both types, if you're good at it, depression sets in. Mental illness festers. And if the abyss gaze takes hold there's only one place to recover: Normal Head, in the wilds of Oregon. When Adam Dearden, a foresight strategist, arrives at Normal Head, he is desperate to unplug and be immersed in sylvan silence. But then a patient goes missing from his locked bedroom. As the mystery of the disappeared man unfolds, Adam uncovers a conspiracy that calls into question the core principles of how and why we think about the future — and the past, and the now. PANEL TO THE SCREEN: STYLE, AMERICAN FILM, AND COMIC BOOKS IN THE BLOCKBUSTER ERA HC

(W) Drew Morton

Over the past forty years, American film has entered into a formal interaction with the comic book. Comic book adaptations as *Sin City*, *300*, and *Scott Pilgrim vs. the World* have adopted components of their source materials' visual style. The screen has been fractured into panels, the photographic has given way to the graphic, and the steady rhythm of cinematic time has evolved into a far more malleable element. In other words, films have begun to look like comics. Yet, this interplay also occurs in the other direction. In order to retain cultural relevancy, comic books have begun to look like films. Film and comic books continuously lean on one another to reimagine their formal attributes and stylistic possibilities. (STL021513)

JURASSIC PARK: THE LOST WORLD: STEGOSAURUS MAQUETTE

From Chronicle Collectibles. The Stegosaurus was a docile herbivore built with defensive sharp spikes on its tail and armored plates along its spine for display and thermoregulatory functions. BATMAN VS. SUPERMAN

O/A BATMAN V SUPERMAN: DAWN OF JUSTICE PLAY ARTS KAI: ARMORED BATMAN FIGURE

From Square-Enix. In the film *Batman v Superman: Dawn of Justice*, Bruce Wayne creates an armored suit, assembling the full might of mankind's technology, shoring up the strength of humanity against the might of the powers of the alien Superman. The hulking and heroic appearance of that suit has been recreated here as a Play Arts Kai action figure. We've carefully contrasted the hard metallic edges with flowing organic details of cloth-like texturing on the cape. Tiny nicks, scratches and weathering on the armor show Batman's battle scars. His eyes, painted with a pearlescent paint, look almost as if they are glowing. All these details and more make it seem as if Batman is in the midst of battle with Superman. The deep emotions springing from beneath his heavy armor can be expressed through a wide range of action poses. He is well-prepared, with accessories including a grenade launcher and various interchangeable hand pieces. Figure also includes display stand. FEATURED ITEM

DC COMICS VARIANT PLAY ARTS KAI: BATMAN ROGUES GALLERY: TWO FACE FIGURE

From Square Enix. The *DC Comics Variant Play Arts KAI* line announces its latest collection: the *Batman: Rogues Gallery* series! This mashup of Batman's classic silhouette with the beloved villains of his Rogues Gallery results in a never-before-seen design collaboration, and the debut figure for this line is *Two-Face*. The right half of his body resembles the classic *Batman* design, but the armor and suit are slightly melted and warped. On the left half, however, the color scheme and form are totally transformed, resulting in a Two-Face design applied to a Batman outline. A charred, scorched paint effect has been carefully reproduced, along with eyes made with transparent parts for a haunting expression, set in a visage of half-melted flesh. The figure includes an interchangeable grinning face and hand parts, so that Two-Face can be posed doing his signature coin toss. This figure's novel design hopes to give the best of both worlds, simultaneously heads and tails, for an unlikely but delightfully evil Two-Face action figure. (STL023028) **Item has been previously solicited in *PREVIEWS Plus*.** Scheduled to ship in January 2017. (1089) (C: 1-1-2) **NOTE:** Available only in the Western Hemisphere.

The first in a new trilogy from veteran *Salamanders* author Nick Kyme, available in trade paperback for the first time. Five years have passed since war came to Nocturne. While Third Company recovers its strength, the Salamanders of Fifth Company must now wage war. On Heletine, the Black Legion has come in the name of Chaos and only Brother-Captain Drakgaard's warriors stand in the way of their dark glory. Victory for the Imperium hinges on the alliance between the Salamanders and the Sisters of the Ebon Chalice, warrior zealots and devout servants of the Ecclesiarchy. But there is more to this Promethean War than conquest, and only as the conflict grinds on are the true motives of the enemy revealed. (STL023308) (C: 0-1-2)

But they are not alone; the Brazen Minotaurs, led by the headstrong Captain Daed, are aiding them in their mission. Across the length and breadth of the galaxy, humankind celebrates its salvation, and relishes the prospect of a return of peace. But the war against the orks has riven the political bedrock of the Imperium, exposing its rotten core. One man, one powerful man, decides he has the solution, and launches a campaign of destruction so terrible that thousands of years later his actions will still be viewed with horror. And all the while, the true enemy watches and waits in the starless depths of space; an eternal evil that desires only to devour the souls of every living human soul in the galaxy. The full powers of Chaos are revealed as the Horus Heresy blazes towards Terra. Only once their primarch, Jaghatai Khan, had satisfied himself that the path before them was just and true did the White Scars choose a side, taking the fight to the traitors on every front. But, four years later, the Legion's unfettered spirit has been broken by relentless attritional warfare against the Death Guard and the Emperor's Children, and the Khan's Stormseers must find a clear route to Terra if they are to take part in the final, apocalyptic battle. The living saint calls for Colonel-Commissar Gaunt and the Tanith First to be her guardians. Doubting that she is who she claims, Gaunt must discover the truth while fending off enemy troops and lethal assassins. The toll is terrible; how long before the incorruptible Crowe is at last defeated? His harrowing task first began at Sandava II. Under the command of Castellan Gavallan, Crowe and his brother Purifiers bring purging flame to a daemonic incursion that threatens to consume the world. AS SEEN ON TV STARGATE ATLANTIS RETURNS

WRITERS J.C. VAUGHN AND MARK L. HAYNES DIAL UP A NEW ADDRESS TO ADVENTURE!

American Mythology recently launched a second *Stargate Atlantis* series, *Gateways*, continuing the exploits Major Sheppard, Dr. Elizabeth Weir, and the rest of their team aboard the abandoned city of the Ancients known as Atlantis. Writers J.C. Vaughn and Mark L. Haynes, *Stargate* super-fans in their own right, have brought *Stargate* fans the Sixth Season of the TV series we never got. In anticipation of the October release of *Gateways* #1 (and issue #2 in November), we asked Jeff and Mark to take a break from the 'gate and talk about the series and what's to come...

What attracted you to the Stargate franchise in the first place?

J.C. Vaughn: It's a fantastic concept, one replete with possibilities for incredible stories and characters.

Mark L. Haynes: I was a fan of the franchise since the original movie, but I wasn't until *Stargate SG-1* hit its stride that you could see the level of thought going into the show that, in my opinion, elevated it above some if it's contemporaries.

How much freedom has the studio given you in continuing the storyline of the Atlantis crew?

JCV: On the writing side, we've been very fortunate that pretty much everything we've submitted has been approved. There's been a little give and take, but really it's been pretty good with MGM.

MLH: I'd say the level of freedom we have is pretty spectacular. Our whole approach has been to continue the story as if the show had never been cancelled and our goal, which to me is the goal of licensed books in general, is to have what we're writing feel as much like the show as possible. According to the fans, we're achieving that.

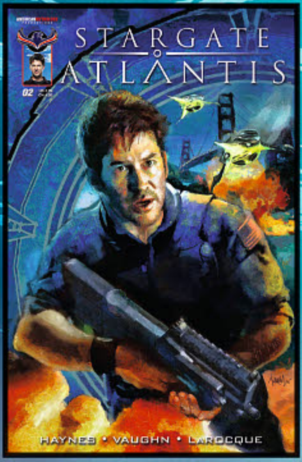
Was there anything that was off limits?

MLH: They only limit we've had have been ones we placed on ourselves in that if we're going to do something big (which is coming), it has to make sense within the story and not just be in there for the "wow" factor.

JCV: We have to keep it within the tone of the universe and its characters as we've seen them. That's not a big restriction for us since we're both fans of the show.

What's your process in writing the Stargate Atlantis series? With two writers, who does what?

JCV: It's always a little different each time, but the basic thing is that we work on the plot together. Email, text, phone and those rare instances when we get to hang out in person. It's always about plot. In some instances, Mark may write more of one script and I may write more of another, but the plot generally comes from both us. It was like that when we did *24* for IDW as well.



MLH: We outline like crazy just like they did on the series which makes the scripting process a lot of fun. It also consists of me, as a TV writer, putting in way too much stuff than will fit into a comic and J.C. trying to keep a handle on his blood pressure as he cuts it down. I'm getting better, though!

Are there plans to continue the Atlantis series past Gateways?

JCV: We just submitted two more arcs that would wrap-up our stay in the Pegasus galaxy, but American Mythology definitely has more in mind. We'll see what happens.

MLH: It's a credit to the series original creators that there's definitely room to keep going but, as J.C. said, we'll see what American Mythology wants to do.

Can we expect any of the other Stargate series — SG-1, Universe — to eventually make it to American Mythology?

JCV: That's a question for them, but I don't think we'd be talking too far out of school to say "Yes. There are definitely plans."

MLH: You're my witness, ***PREVIEWS*** readers… I didn't blab!

Finally, who's your favorite Jack: Jack O'Neil (Kurt Russell) or Jonathan "Jack" O'Neill (Richard Dean Anderson)?

JCV: I love Kurt Russell and there wouldn't be Jack O'Neill without him, but I'd go with RDA. Of course he had so much longer to develop the character…

MLH: Kurt Russell is fixture of science-fiction films of the 1980s and '90s, and the original *Stargate* feature definitely benefited from his presence, but I'd also have go with RDA, as well, who really turned the character into someone quite memorable that you really cared about.
